

BOIL ADVISORY NOTICE

Town of Haughton Water System

January 10, 2024

Affected Location(s):

ALL OF HAUGHTON PROPER

(If you pay your water bill to the TOWN HALL in Haughton,

This is affects you.

If you DO NOT pay your bill to the TOWN HALL, this does not affect you.)

For Immediate Release

The Town of Haughton Water System has experienced problems with our water supply system.

Because of this problem, the water produced by our water supply system is of questionable microbiological quality.

Therefore, as a precaution, the Town of Haughton Water System is issuing a BOIL ADVISORY effective immediately. This BOIL ADVISORY is to remain in effect until rescinded by the Water System.

It is recommended that all consumers disinfect their water before consuming it (including fountain drinks), making ice, brushing teeth, or using it for food preparation or rinsing off foods by the following means:

Boil water for one (1) *full* minute in a clean container. The one minute starts after the water has been brought to a rolling boil.

Again, please be sure to disinfect your own water prior to consumption until you have been advised otherwise.

The Town of Haughton Water System will rescind the Boil Advisory upon notification from the Louisiana Department of Health – Office of Public Health that additional water samples collected from our water system have shown our water to be safe.
